

NATURAL RESOURCE ENGINEER 2

Northeast Region

Recruitment #2006-01-6773-6651

AGENCY MISSION AND CHALLENGE:

The mission of the Department of Natural Resources (DNR) is to provide professional, forward-looking stewardship of our state lands, natural resources, and environment. DNR provides leadership under the Commissioner of Public Lands, an elected official, in creating a sustainable future for the State Trust Lands.

At the DNR, we envision a future in which our human and natural environment provides abundant and diverse social, ecological, and economic benefits for the people of Washington, in this and all future generations. In acting to ensure the vision, we ensure sustainability.

DNR manages over 5 million acres of state-owned land that includes forest, range, commercial, agricultural and aquatic lands. Since 1970 DNR-managed lands have generated \$6 billion that support public schools, state institutions and county services. These lands also provide public benefits that include fish and wildlife habitat, clean and abundant water and public access to outdoor recreation. The DNR operates with a biennial budget of approximately \$400 million and has over 1300 employees. For more information about the department, see the DNR website at www.dnr.wa.gov

POSITION PROFILE

Under the supervision of the Area Engineer, performs independent and technically complex engineering work within the Road Maintenance Program at Northeast Region. This position serves as an assistant to the Area Engineer in managing fish blockage mitigation and RMAP accomplishments. This position is actively involved with field operations for planning, layout, design, contract writing, and compliance of road construction and stream crossing projects.

REQUIRED POSITION QUALIFICATIONS

- Formal degree in Forest Engineering, Civil Engineering or related field
- Training in CAD and/or GIS database systems.
- Ability to research and interpret current laws and regulations as they pertain to road construction and environmental protection.

DESIRED POSITION QUALIFICATIONS

- Registered as an Engineer-In-Training

SPECIAL POSITION REQUIREMENTS AND WORKING CONDITIONS

- Working environment is 65% field (primarily riparian areas) and 35% office.
- Hours of work are 40 per week, specific schedule to be determined.
- Must be at least 18 years of age at the time of hire.
- Must have a valid driver's license and have two years of driving experience.

WHO MAY APPLY

This recruitment is open to anyone who meets the required qualifications for this position.

APPLICATION PROCESS

To be considered for this position please submit:

- A letter of interest describing how your experience and qualifications relate to the job profile and the required and desired position qualifications. Indicate in your letter of interest how you learned of this opportunity.
- A completed application – www.dnr.wa.gov/jobs/stateapp.doc
- A resume
- An online voluntary [Applicant Profile Questionnaire](#).
- Finalist will be asked to provide a driving record issued from the state in which you are currently licensed.

The first screening will be based on information contained in your letter of interest and your state application.

Submit all materials by the closing date to:
